**IQAC - INTERNAL
QUALITY
ASSURANCE CELL**

IQAC - INTERNAL QUALITY ASSURANCE CELL

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realization of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.

The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation it can inculcate in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies to remove deficiencies and enhance quality like the "Quality Circles" in industries.

Dr. Vibha Singh Chauhan and Dr. Sangeeta D. Gadre are the Chairperson and the Coordinator respectively. Members of the Cell include Ms. Manju Jain (A.O.), Sh. Ram Saran (S.O., Accounts), Dr. Ramananda Singh (Secretary, Staff Council), Dr. Rakesh Kumar Pandey (Associate Professor, the Department of Physics), Dr. Anita Kamra Verma (Associate Professor, the Department of Zoology), Dr. Rupak Dattagupta (Associate Professor, the Department of Political Science), Mr. Rudrashish Chakraborty (Assistant Professor, the Department of English) and Mr. Pradyumna Kumar Sethy (Assistant Professor, the Department of Physics).
