

Choice of Common Courses and DSE for Semester IV, 2024

All Semester IV students, please note that they have to choose their Generic Elective Course (GEC), Skill Enhancement Course (SEC), Value Addition Course (VAC) and Ability Enhancement Course (AEC) by filling out a Google form, the link for which is given below. The last date for filling out the Google forms is Wednesday, 10th January 2024.

Link: <https://forms.gle/GYGwWuVJXcekAPei8>

Instructions:

- The students should carefully fill out the form because **this form can be submitted only once**. Care should be taken in correctly mentioning the name, college roll number, examination roll number, e-mail ID and phone number (please provide your active phone number).
- The Generic Elective course cannot be the one offered by the student's department(s), that is it cannot be one belonging to the student's honours or core discipline(s). For example, a History (Honours) student cannot take the Generic Elective Course offered by the Department of History. Similarly, a B.Com (Honours) student cannot take the Commerce GEC. Further, BSc Programme students cannot take any GEC belonging to any of the core disciplines in their respective programmes. For example, a student of a B.Sc. programme with Chemistry cannot take Physics, Chemistry or Mathematics as their GEC.
- Students of Semester IV have the option of studying either a Generic Elective Course (GEC-3) or a Discipline-Specific Elective (DSE) Course offered by their parent department(s). The choice of GEC-4 will enable the students to choose from the common pool of GEC offered in the College, whereas the choice of DSE will require the student to study the elective course(s) offered by their parent department/discipline(s). For example, a BSc (H) Physics student can either choose any of the common pool GE courses (excluding Physics GEC) OR an elective course in Physics (DSE) offered by the Physics department. Similarly, a BA(Honours) Economics student can either take an Economics elective course (DSE) offered by the Economics department OR a GE course from the common pool (excluding Economics GE). Similarly, a student of BSc Physical Sciences with Chemistry can either choose a DSE offered by Physics/Chemistry/Mathematics depts or the s/he can take any GE offered by any other dept.

- All students opting for a GEC will have to provide three choices of GE courses in order of preference. Though we will attempt to provide the student's first choice, we may not always be able to do so, given the number of applicants in a course. In such cases 'first come first serve' may be adopted as one of the basis for allocation.
- In case a student chooses to pursue a DSE and not a GE in Semester IV, s/he can then indicate that in the form.
- BCom Programme students will mandatorily pursue English GEC in this semester.
- All BA Programme students (except cases mentioned in the next point) will mandatorily pursue Hindi GEC this semester. The level at which they will pursue Hindi GEC will depend on the level to which they have studied Hindi in school.
- However all such students of the BA Programme who (i) Hindi as one of the core disciplines (ii) have not studied Hindi up to Class VIII or beyond or have not studied it at all in school (including all foreign students) are to choose their GEC from the common pool. However, while selecting their GEC from the common pool they cannot choose the GECs offered by the departments of their core disciplines. So, BA programme students with Hindi and Political Science/History as their core disciplines cannot choose Hindi and Political Science/History as their GEC from the common pool. All such students opting for a GEC from the common pool have to provide three choices of GE courses in order of preference. Though we will attempt to provide the student's first choice, we may not always be able to do so, given the number of applicants in a course. (The list of the GECs offered by the college is available as a dropdown list in the form.)
- The students **cannot** choose in Semester IV the same SEC or VAC, that they have taken in Semesters I or II or III.
- Some courses are sequel courses like Vedic Mathematics and NCC. Only those students who have taken the level I course can take the level II course. Similarly, only those who have taken both levels I and II, can take level III. The NCC course can be taken only by the students who are enrolled in NCC in the college.
- All students (Sciences) who pursued AEC Environmental Science in Semester II will now once again mandatorily pursue EVS. The students (Arts and Humanities) who pursued an Indian language as AEC in Semester II, will now once again pursue the same Indian language AEC. Please note that the language cannot be

changed. Hindi A, B, C; Sanskrit A, B, C; Urdu A, B, C and Bengali A are available in our college.

- If a student fails to submit the online form by 10.1.2024, s/he may be allotted a course at the discretion of the college. The students are advised to go through the syllabi and the video resources so that they can make informed and careful choices. Only a very short window will be available for any course change.

Principal

List of the Common pool GECs, BA(H), BCom(H), B.Sc(H), BSc(P) Semester IV :

S. No.	Department: : Semester IV-GE paper title and UPC.
1	Bengali: Tagore Through Texts
2	Botany: Environmental Monitoring and Ecosystem Restoration
3	Chemistry: Basics of Polymer Chemistry
4	Commerce: Basics of organisational behaviour
5	Computer Science: Introduction to Web Programming
6	Economics: Public Finance in India
